

## BIG DATE

### NOTE :

1. Set Time: Turn hands forward until date changes (midnight) and continue to the correct time.
2. Set Date: Follow instructions below (*avoid using this function in the evening as date change mechanism starts to engage from approx. 8.00pm*)

POSITION 1 - Normal

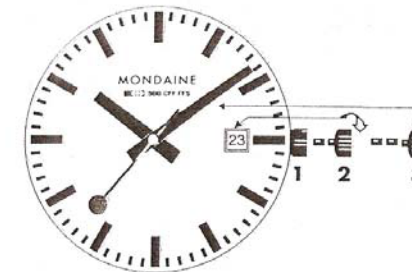

POSITION 2 - Gently pull out the crown to position 2, turn & set the desired date. Push crown back to position 1.

The date display consists of two independent disks. On the first day of the new month, the date must be reset to 01.

POSITION 3 - Setting the Time

Gently pull out the crown to position 3. Set the desired time. Reset the crown to position 1.
